ALLIED ARMIES SLOWLY WIN THEIR WAY ONWARD

Foot by Foot, British, French and Italians Gain on their Fronts

MILE BY MILE, TEUTONS, AUSTRIANS AND TURKS GIVE GROUND BEFORE THE EVER-SWELLING TIDE OF MUSCOVITES

(Associated Press)

London, Aug. 25.—Although the Germans made a heavy attack last night north of the Somme in the Maurepas sector, the French hold on the village the occupation of which they announced last night has not been shaken, according to a French announcement this afternoon, which declares the Germans lost heavily in trying to retake Maurepas. Intimations in press dispatches of the possible extension of the French offensive south of the Somme for a distance of thirty miles seem borne out by an official announcement of the continuation of heavy artillery bombardment in that sector.

VICTORY FOR RUSSIANS IN VOLHYNIA

OTTOMANS LOSE GROUND IN ARMENIA

Berlin, Aug. 25.—It was officially announced today that a German airship made an attack on London.

ALLIES GAIN ON WEST FRONT

London, Aug. 25.—The British and French made substantial gains yesterday along the Somme front. Maurepas fell to the French who pushed forward more than two hundred yards beyond the town on a front covering a mile and a quarter. The British report a three hundred yard advance south of Thiepval and the capture of many prisoners.

The capture of Maurepas left Clerly almost surrounded and brought the French directly in front of the important railroad town of Comblis, with Thiepval in the same position as Clerly. Dispatches from the Somme region indicate that the French are preparing to extend their offensive thirty miles south of the present battle line.

MUSCOVITES RETOOK MUSH

The Russian offensive in Armenia is believed to be assuming powerful preparations and Petrograd reports the reoccupation of the important Armenian town of Mush and the capture of twenty-three hundred prisoners at Rachata.

FIRST-CLASS FUN FOR THE FAIR

High-Class Amusement Secured by Managers of the Tri-State Association

Mrs. Anna Tweedy, secretary of the Marion County Fair Association, has returned from Jacksonville, where she attended the meeting of the Tri-State Fair Association at the Hotel Mason. Mrs. Tweedy is secretary of the Tri-State organization. The Rutherford Greater Shows, with high class carnival attractions, have been secured for the six fairs of the circuit. These shows provide the amusements at such fairs as the Michigan State Fair and the West Virginia State Fair.

The secretaries of the six fairs believe that they have succeeded in making much better contracts than the fairs have been able to obtain heretofore as individuals.

Mr. George Leonard, secretary of the Jacksonville chamber of commerce, appeared before the Tri-State members, and expressed a desire to co-operate with them. He agreed to change the date of the Jacksonville fair to the first week in December, which will make it follow the Marion County Fair. Mr. Leonard said that attractive prizes would be offered for county exhibits at the Jacksonville show, and special prizes for the corn and pig club exhibits. He invited each county in the state to compete for these prizes.

Those attending the Tri-State meeting, besides Mrs. Tweedy, were: Mr. J. M. Ashley, secretary of the Georgia-Florida Fair, Valdosta; Capt. J. Stuart Lewis, president and manager of the Leon County Fair, Tallahassee; J. D. Smith, president and manager of the West Florida Fair, Marianna; Dr. J. L. Payne, secretary of the Suwannee Fair, Live Oak; and Mr. S. Burgess, secretary of the Alachua County Fair, Gainesville.

MAYOR INSISTS ON BEST MATERIAL

On His Instructions, Bricklaying on New Plant is Held Up

Benjamin Thompson, contractor for the new light and water plant, has been notified not to make further use of the kind of brick recently rejected as not being up to specifications. Mr. Robert Ebner has served Mr. Thompson with the following notice, which is approved by Mayor Robertson:

"By instruction of J. D. Robertson, mayor of Ocala, you are hereby notified to refrain from laying brick of the kind as has been received so far."

Mr. Ebner has received a telegram saying that either Mr. Alex Twombly or Mr. David Henney, engineers for the city, would reach Ocala Sunday. Mr. W. W. Barton, the engineer in charge of the construction of the new plant for Mr. Thompson, said this morning that he had telegraphed the contractor, telling him of the mayor's instructions. Mr. Thompson gave orders to use no more of the brick in question until further notice. According to Mr. Barton, three cars of the brick have been received, and one and a half carloads have been put into the walls of the new plant. Mr. Barton says that samples of the brick were approved by Twombly & Henney.

Mr. Thompson has not notified the manufacturers to stop shipments of the brick, which are coming in at the rate of about a car a day.

WILSON CONFERRED WITH LEADERS

On Both Sides in Trying to Prevent Strike

(Associated Press)

Washington, Aug. 25.—President Wilson today summoned to the White House representatives of the railroads and the brotherhoods for separate conferences to discuss the proposals that have developed from his original settlement plan.

NO CHANGE IN THE SITUATION

The president conferred with the four brotherhood leaders for an hour and a half. It was understood he wanted their views on legislation to prevent future recurrences of a situation which threatens a nation-wide railroad strike. After the conference, A. E. Garretson, their spokesman, said the situation was unchanged and that no complete and concrete proposition to which the railroads had agreed was tendered the brotherhoods.

W. G. Lee, representing the trainmen, accused the Northern Pacific of starting a propaganda against the president's plan by sending its station agents copies of protests which they were to send President Wilson, protesting against any settlement other than by arbitration.

ADAMS TRIED TO HAVE STATE EX- ECUTIVE COMMITTEE GIVE CATT'S ITS ENDORSEMENT

Jacksonville, Aug. 25.—The organization meeting of the state central committee yesterday was a good deal tamer than had been looked for, though a row was doubtless averted by adjournment without consideration of a resolution brought up by Hal W. Adams of Lafayette.

Mr. Adams' resolution was offered just after Wells of Washington had moved to adjourn. It provided for united democratic support of all the nominees declared by the state canvassing board on June 26. The general opinion was that it was in the interest of Catts.

Efforts were made to have Wells withdraw his motion to adjourn but he would not do this and as the motion is not debatable and takes precedence of all others, Chairman Raney put it without the Adams resolution being read before the committee. The motion to adjourn was declared carried and the Adams resolution did not get before the house.

Many other committeemen brought resolutions to the meeting, but after their arrival here and an opportunity to size up the situation they did not seem anxious to put them up.

George P. Raney was re-elected chairman of the committee, with O. L. Eaton of Monticello treasurer. Henry W. Sales of Bronson was elected secretary to succeed George Fisher of DeLand, who has been secretary for many years, but who was not returned as a member of the committee this year.

Three names were selected for presidential electors to fill the vacancies in the party ticket caused by the fact that T. M. Dozier and Oscar M. Johnson of Jacksonville and Harry L. Bethel of Tallahassee, neglected to file their campaign statement of expenses. The three selected were Will H. Price of Marianna, F. E. Harris of Ocala and M. H. Mabry of Tallahassee.
